

Press release

24 June 2019

Alexis Dupont has been appointed Managing Director of France Invest

The Board of Directors of France Invest (Association of Investors for Growth) announces today's appointment of Alexis Dupont as Managing Director.

Since 2017, Alexis Dupont has been an attaché in charge of financial services at the Permanent Representation of France at the European Union in Brussels, where he has assisted in defending French positions in negotiations on legal texts on the Capital markets union, financial stability and green finance.

Previously, in 2014 he joined the French Directorate General of the Treasury (DGT) as Deputy head of Savings and Financial Markets, in charge of the asset management sector where he was involved in several reform projects and in negotiations on European regulations.

He started his career in 2010 in the French Prudential Supervision and Resolution Authority (ACPR) as insurance commissioner, before he was appointed, in 2013, as head of the quantitative unit at the international insurance department where he participated in the finalisation and implementation of the European Solvency II directive.

He is 33 years old and a graduate from ENSAE ParisTech, an actuary and a chief engineer of the Corps des Mines.

On the occasion of this appointment, **Dominique Gaillard, Chairman of France Invest**, emphasises that: *"The arrival of Alexis Dupont as CEO of France Invest confirms the increasingly European dimension of the French private equity industry in terms of fundraising, investments and regulatory framework. With solid knowledge of the asset management sector and the prudential framework for insurers, and with experience as a negotiator on financial issues in Brussels, Alexis Dupont combines solid and extensive professional expertise and personal qualities to manage and guide an association with 20 permanent employees and 25 clubs and commissions."*

About France Invest

France Invest comprises almost all the private equity teams operating in France. It has over 310 active members and almost 200 associate members. Through its compliance, control and best practices development mission, it is one of only two associations recognised by the French financial markets authority (AMF), and membership in the association by asset management companies is one of the conditions for authorisation. It is the only industry association specialising in private equity.

France Invest's priorities include promoting the position and role of private equity, actively participating in its development by serving as a hub for the entire industry and establishing best practices, methods and tools for professional and responsible shareholder conduct.
